Tom-

Will you work with Mary and OPPT to get responses?

Just want to make sure we all know who has the lead on making this happen. If I should not have presumed you are the right person please let me know.

Thanks.

**Subject:** Hot Topics — PFAS and lead

Hello All — Administrator Wheeler has requested a comprehensive set of points for lead and PFAS to be included in a single location. Can you assemble the top line points regarding how your programs have worked on these individual issues by Friday? Thank you in advance.

Best,

Tony
